

SPRING CASTAWAY – 300km 15/09/18

Sunny skies greet us for the Spring Castaway – 300km

People are chomping at their pedals to get riding on this fine Brisbane day.

Ready set 303 to go!

In a line we all set off!

Naughty and nice we are all trying to navigate as one.

Great views scenery and smiles are all around☺

Control 1. Closed WTF says our RO! Harry may have made a joke or 6 but Tara was not laughing!

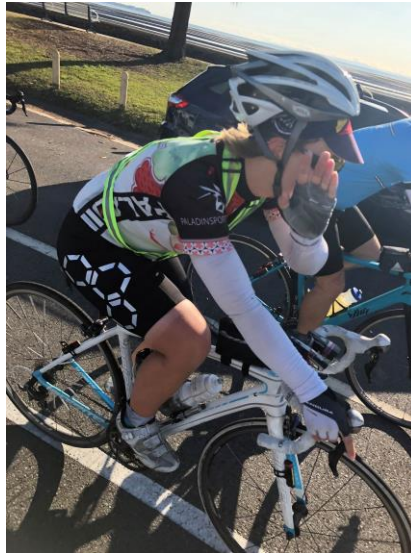

Arrrggh we all laugh except for our RO Tara☹

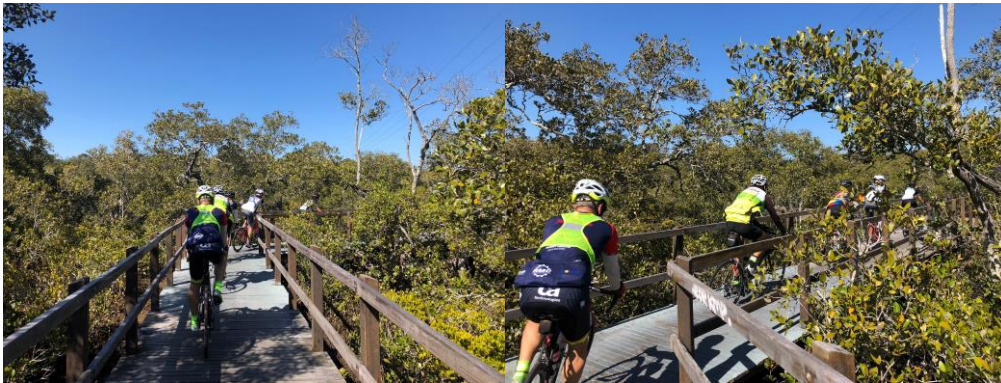

Starving now after CP1 was closed. Not really S is for Self Sufficient and we all roll on.

Tara is hiding from us all now and won't even be in a happy snap!

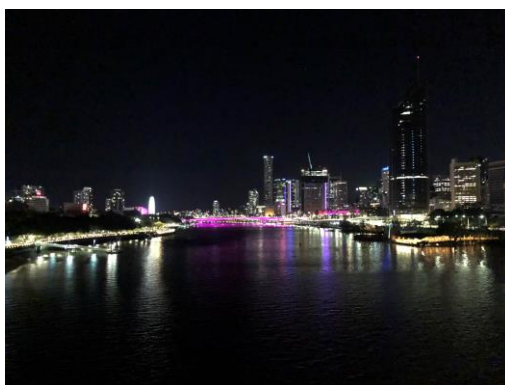

A riding we go and a riding we keep going.

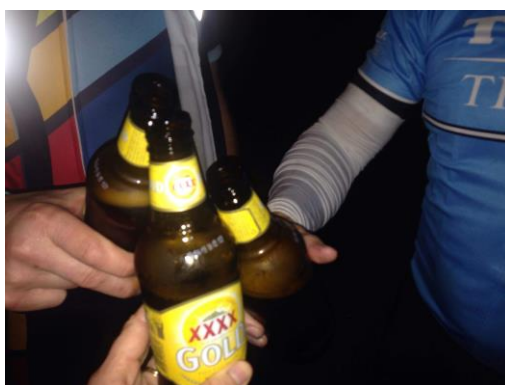

Wow! Gold Coast ☺ Triathlon some watch some go around onwards we must go.

After dark and we head for home into the wind.

Yippee we are done 😊 Thank you for the fun!

Why are we Castaways? Because we arrrrrrr!!!

Congratulations to my mates Suzanne Clarke and Brad Billingham for completing their first 300km on their 2nd Audax ride! 😊
